NEWSLETTER

MARCH 2026

## Greetings Members

Some important updates for Members following the first Committee Meeting of the 2026/2027 Committee. *Please amend your Calendars and Diaries as appropriate.*

- ❖ **The Red Point event** held on 6 January had an issue of a computer malfunction and data could not be retrieved. Therefore, a replacement Red Point event will be held on **Tuesday 17 March** and will be called **St Patrick's Day** event.
- ❖ **The Country Pairs and Teams qualifier event**, set in Calendar for **Sunday March 8**, will be deferred to another date to be advised. Members will be advised.
- ❖ The **Teams event for February** was not held and a replacement Teams event will be held on **Friday 20 March**. You are asked to add **your name, and your partner's name**, to a list at the Clubrooms, and teams will be made up from pairs on the list.
- ❖ **Timeframe for rectification for errors in results:** Instances have occurred where a very obvious error has been detected after you have left the Bridge session concerned. If you detect such an error, you have 24 hours from the end of that session to contact the Director of the day with details of the error. This Director will make the assessment of the correction and amend if warranted. Alternatively, the Director of the session may authorise another Director to act on their behalf.
- ❖ **Improver lessons** were held by Susan McMahon during February and we look forward to playing with these improved and enthusiastic Members.
- ❖ **Beginner lessons commence from Monday 2<sup>nd</sup> March**, please contact Susan McMahon if you know of anyone who would like to learn this great game.
- ❖ Check your Calendar for upcoming Congresses.
